The Jaeckle Centre will host a 2 day CE seminar (15 CE Hours-Pending) focusing on whole horse wellness. Settled 30 minutes south of Nashville, TN, The Jaeckle Centre offers an unparalleled opportunity for education and to learn from our most respected equine colleagues. This course is open to veterinarians and veterinary technicians interested in building their diagnostic and technique skills.

The Equine Performax facility, which is located at The Jaeckle Centre, provides participants a best in class facility featuring a full veterinary clinic, seven equine rehabilitation modalities, a Hallmarq Standing Equine MRI and a multi-discipline training and competition facility.
